Houston Real Estate - Bright Spot in Nation

“As nationwide problems with sub-prime mortgages continue to make front page news, Houston area residents question: how is the Houston area market faring? Much better than many other parts of the US is the answer, thanks in part to a strong and diversified job market, strong oil prices, and a housing market that is still appreciating. In addition, Houston area real estate continues to be a good investment option with strong job growth and a fast-growing economy.”
