Crestmark Guarantees

- 1 Lower Rates:** Crestmark loan officers have instant access to more than 100 national investors, so they can offer you the lowest rate at the lowest cost. If you find a better price on the same home loan product and lock-in period, Crestmark will make you a better offer with a lower Annual Percentage Rate, lower interest rate or lower closing costs – or pay \$300 toward your closing costs.
- 2 Savings:** When you finance through Crestmark Mortgage, Perry Homes will pay your loan origination fee or mortgage broker fee, your title policy, and up to \$400 in closing costs – a savings of thousands of dollars.
- 3 Trust:** Crestmark guarantees your interest rate, points and loan-related closing costs will not go up after you get an approval certificate and lock in a rate on your favorite home purchase loan.
- 4 Convenience:** All loans are underwritten in-house, so you'll be able to meet your closing date.
- 5 Dedicated Team:** One of our professional, dedicated loan officers serves as your go-to person throughout the entire financing process and is always available to answer questions or provide updates.
